

From the Editor

First of all, I would like to apologize deeply for the delay in publishing the third volume of the *Asian Journal of Biology Education*.

This volume contains two research articles and two practical reports as well as six reports on biological resources from Thai members. The abstracts of the papers presented at the 20th Biennial Conference of the AABE are also included. The conference was held at Chiang Mai University, Chiang Mai, Thailand, from 26 to 30 December, 2004.

Still we have some papers and reports submitted from the AABE members and other contributors. In addition, we have the abstracts of papers presented at the 21st Biennial Conference of the AABE which was held at Kongju National University, Gongju, South Korea, from 25 to 28 October, 2006. The themes of the conference were "Biology Education through Field Excursion" and "Recent Trends in Biology Education". Those papers and abstracts may be on the next issue which will be published soon.

The Editorial Board would like to ask the AABE members and the readers to submit their research papers and practical reports to this journal. For preparing the manuscript, please refer to "**Instructions to Contributors for the Asian Journal of Biology Education**" which occurs on this volume.

In 2007, the members of the Editorial Board were changed as mentioned below. Dr. Anne Wallis and Dr. Lagunzad took the place of Professor Rob Wallis and Dr. Baby Angtuaco, respectively. Dr. Diong and Professor Morimoto became the new Editorial Board members. However, as the old members edited this volume, their names are mentioned on the cover page.

I am very thankful to Dr. Hideo Kitano and Professor Kazuyuki Mikami for their effort to review some of the manuscripts. I am also grateful to Mr. John R. Cantillon for his help to prepare the final draft of the volume.
